27. [REDACTED] LIAISON Dorothy Fosdick, Permanent Subcommittee on Investigations, Senate Government Operations Committee, called on the status of the declassification of the 11 February 1975 transcript before the Arms Control Subcommittee of Senate Armed Services Committee, and I said I would let her know.

28. [REDACTED] LIAISON Called Les Janka, NSC staff, explaining that Mr. Colby was out of the city and that the word I had gotten was that the Executive Branch was not going to agree to any sanitization of the transcript of 11 February 1975 before the Arms Control Subcommittee of Senate Armed Services Committee and that I wanted to make sure that this had been thought through in the context of the existing similar issues between the Executive Branch and the Congress, i.e., the House Select Committee, the Subcommittee on Oversight & Investigations, House Interstate and Foreign Commerce Committee, and that it would seem to be preferable to respond to Senator Jackson with the Executive Branch's requirements for deletions before the transcript is made public. I said that this might require someone external to the Agency to present, if necessary, the merits of exclusion on foreign policy or other grounds not related to intelligence sources and methods.
